Compensation Guide

**My Community
Dental Centers**

”

Our journey toward success starts with an exceptional team. We are dedicated to creating a nurturing work environment that empowers you to thrive personally and professionally.

Dr. Deborah Brown
CEO, My Community Dental Centers

Compensation Overview

At MCDC, our dentists are compensated based on production, not collections. Dentists are compensated at 25% of production. Leave payment management and collections to us, and rest assured you're being paid for the work you've provided to your patients.

Our Dentist Average Annual Salary vs. the State Average

The salary for 2024 is an average of all MCDC dentists that are FT, 4-5 days, 30+ hours / week.
Source for State Average in 2024: Bureau of Labor Statistics

MCDC Student Loan Forgiveness and Reimbursement Opportunities:

At My Community Dental Centers, we're committed to not only providing exceptional and affordable dental care across Michigan but also supporting the professional growth and financial well-being of our team. We're proud to offer **financial relief through the National Health Service Corp's loan repayment program in addition to the Public Service Loan Forgiveness program and Michigan State Loan Repayment program.** Speak with a member of our team to learn more, or click [HERE](#).

Professional Growth

We're committed to supporting your career advancement with opportunities for coaching, mentorship, and continued education.

Personal Well-Being

Your well-being matters to us. We encourage a healthy work-life balance to ensure your overall happiness.

Our Mission

Enhance community health by offering dental care for all.

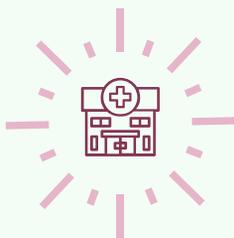

We're making a huge impact on Michigan's oral health!

Nearly 20 years ago, MCDC was founded on the principle of partnership with local health departments. Today, MCDC is partnered with 20 out of 45 local health departments working collectively to improve oral health and health outcomes.

MCDC operating on behalf of local health departments is eligible for an enhanced reimbursement rate for adults enrolled in the traditional FFS Medicaid

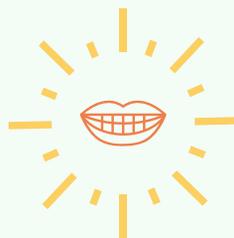

program referred to as the Dental Adjustment Payment Program(DAPP).

With the support of the health departments and partners throughout Michigan, we are working together as a diverse network of advocates to enhance community health by offering access to quality dental care for all.
